

DLI CRI-Series 630W LEC 120/240V Fixture

DLI's mission is to always create a fixture that surpasses the performance of the competitors whilst improving the design to suit the purpose. Dutch Lighting Innovations presents the CRI-Series 630W LEC Fixture. This proprietary engineered design has reset the bar for indoor production.

The #FLOWERSONLY Reflector is manufactured to have the highest possible total reflectance at all wavelengths giving excellent PAR rendition. Efficiency and uniformity are the main focus in the design of the #FLOWERSONLY Reflector. The unique design and the high uniformity of light results in less hotspots on the canopy and a more even plant growth. The DLI CRI-Series are Plug & Play with the DLM-4 Zone Controller. A RJ12 Connection Kit is included with each fixture.
