

Q150+

Versatility
Olé!

This is what our new size of box, the Q150+, promises, requested by our customers for a long time and now here at last! It not only perfectly fills the gap between the Q120 and the Q200 but also provides you with new possibilities at higher levels. With their 2.20 m, your plants now have more space to grow to even greater heights – for an optimum harvest in your living room!

1000 W plant lights are ideal for optimum illumination, these look after your favourites perfectly and enable the best possible use of the 2.25 m² floor area.

Assembled size: 150 x 150 x 220 cm

Grow space: 2.25 m²
